WORK EXPERIENCE

Cepat Kredit Financing Inc.

April 2025 - Present

Operation Excellence Supervisor

- Engineer and manage end-to-end workflow automations, chatbots, and system integrations using platforms like Pipedream, Cloudflare Workers, and Freshdesk to eliminate operational bottlenecks.
- Conduct comprehensive User Acceptance Testing (UAT) and optimize multi-channel CRM and ticketing workflows (such as Freshdesk Omni and Bitrix24) to ensure data accuracy, webhook stability, and seamless lead routing.

Beesee Global

April 2024 - March 2025

Marketing Supervisor

- Spearheaded comprehensive marketing campaigns and product initiatives, directing go-to-market strategies, brand positioning, and cross-functional product execution.
- Managed end-to-end promotional operations, aligning creative asset production, digital messaging, and product lifecycle requirements to drive engagement and market growth.

BSTech Solution

May 2022- 2024

UX and UI Developer

- Directed the end-to-end development, architecture, and deployment of specialized software solutions, including interactive museum applications and custom game apps.
- Managed product lifecycles, cross-functional engineering teams, and client requirements to deliver robust, user-centric digital experiences and high-performance applications.
- Bridged technical execution and creative direction by integrating custom game mechanics, frontend UI/UX interfaces, and interactive software features.
